Free Unbiased Medicare Information Is Available At The Senior Alliance

Do you have a question about your Medicare coverage? Are you almost 65 years of age and considering your options? Do you need help paying for your prescriptions costs or your Part B Medicare premiums? If you answered YES to any of these questions, consider calling the Medicare and Medicaid Assistance Program (MMAAP) at (800) 803 – 7174.

MMAAP is a program offered by the local Area Agency on Aging at no cost to the individual that connects local Medicare recipients with Certified Medicare Counselors. Their mission is to educate, counsel and empower Michigan’s older adults and individuals with disabilities and those who serve them. Individual counseling sessions are currently being conducted via the telephone, rather than our regular face to face interactions. Counselors are dedicated to empowering beneficiaries to make informed health benefit decisions by providing unbiased information that allows them to make choices that meet their needs and preferences. All services are confidential and we specialize in connecting low and moderate income residents with programs to assist them, like Extra Help for prescriptions assistance, the Medicare Savings Program to help low income residents cover some of their expenses and the Medigap Subsidy program to help cover those costs.

Our Counselors are available to talk to your group via Zoom! If you have a group at your church, workplace or senior center that would like to hear a presentation on Medicare services, we have a variety of presentations to offer including Preventive Services and Changes to Medicare During Covid; Medicare 101 for those New to Medicare or a general Medicare question and answer session. Call our office and we can schedule it at your convenience.

To access the MMAAP program, please call our MMAAP State number at (800) 803 – 7174 our or our office at 734-727-2067 or send us an email at MMAAPVMAIL@thesenioralliance.org. We look forward to assisting you and encourage you to call us today.
